# DEDICATION

We, the Emperor Staff of 1961, wish to dedicate our yearbook to our High School Principal, MR. EDWIN LINDEN. Mr. Linden, who has proven himself very competent in the field of administration as well as in teaching, is admired by everyone for his good nature and quick wit.

It gives us a great deal of pleasure to be able to dedicate our annual to a man of such high character as Mr. Linden.

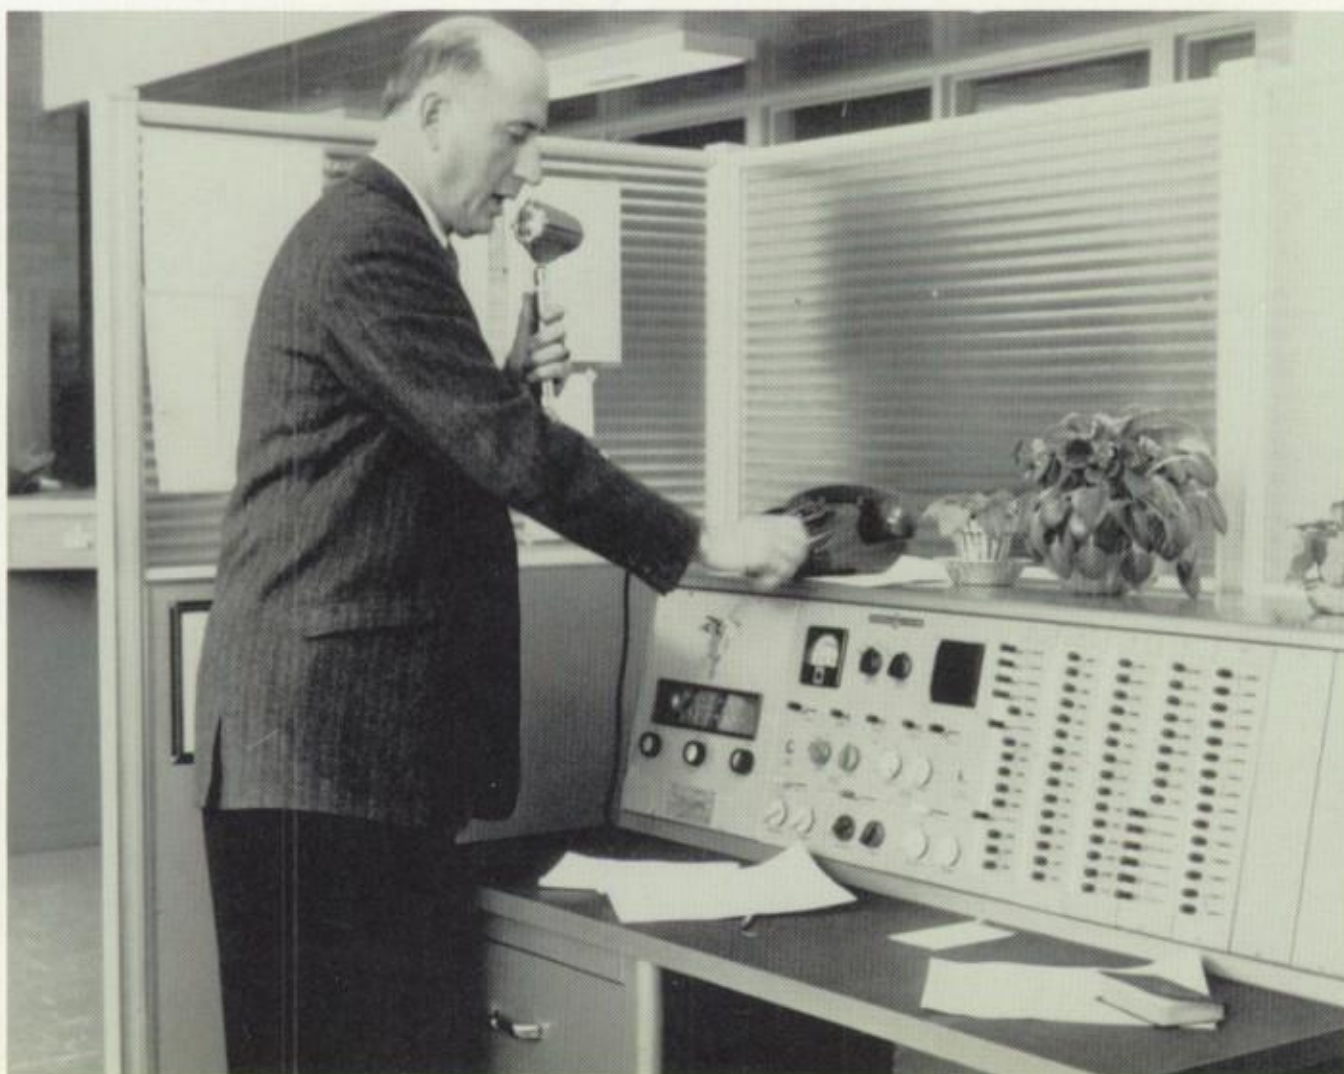

I think we're in debt, here.

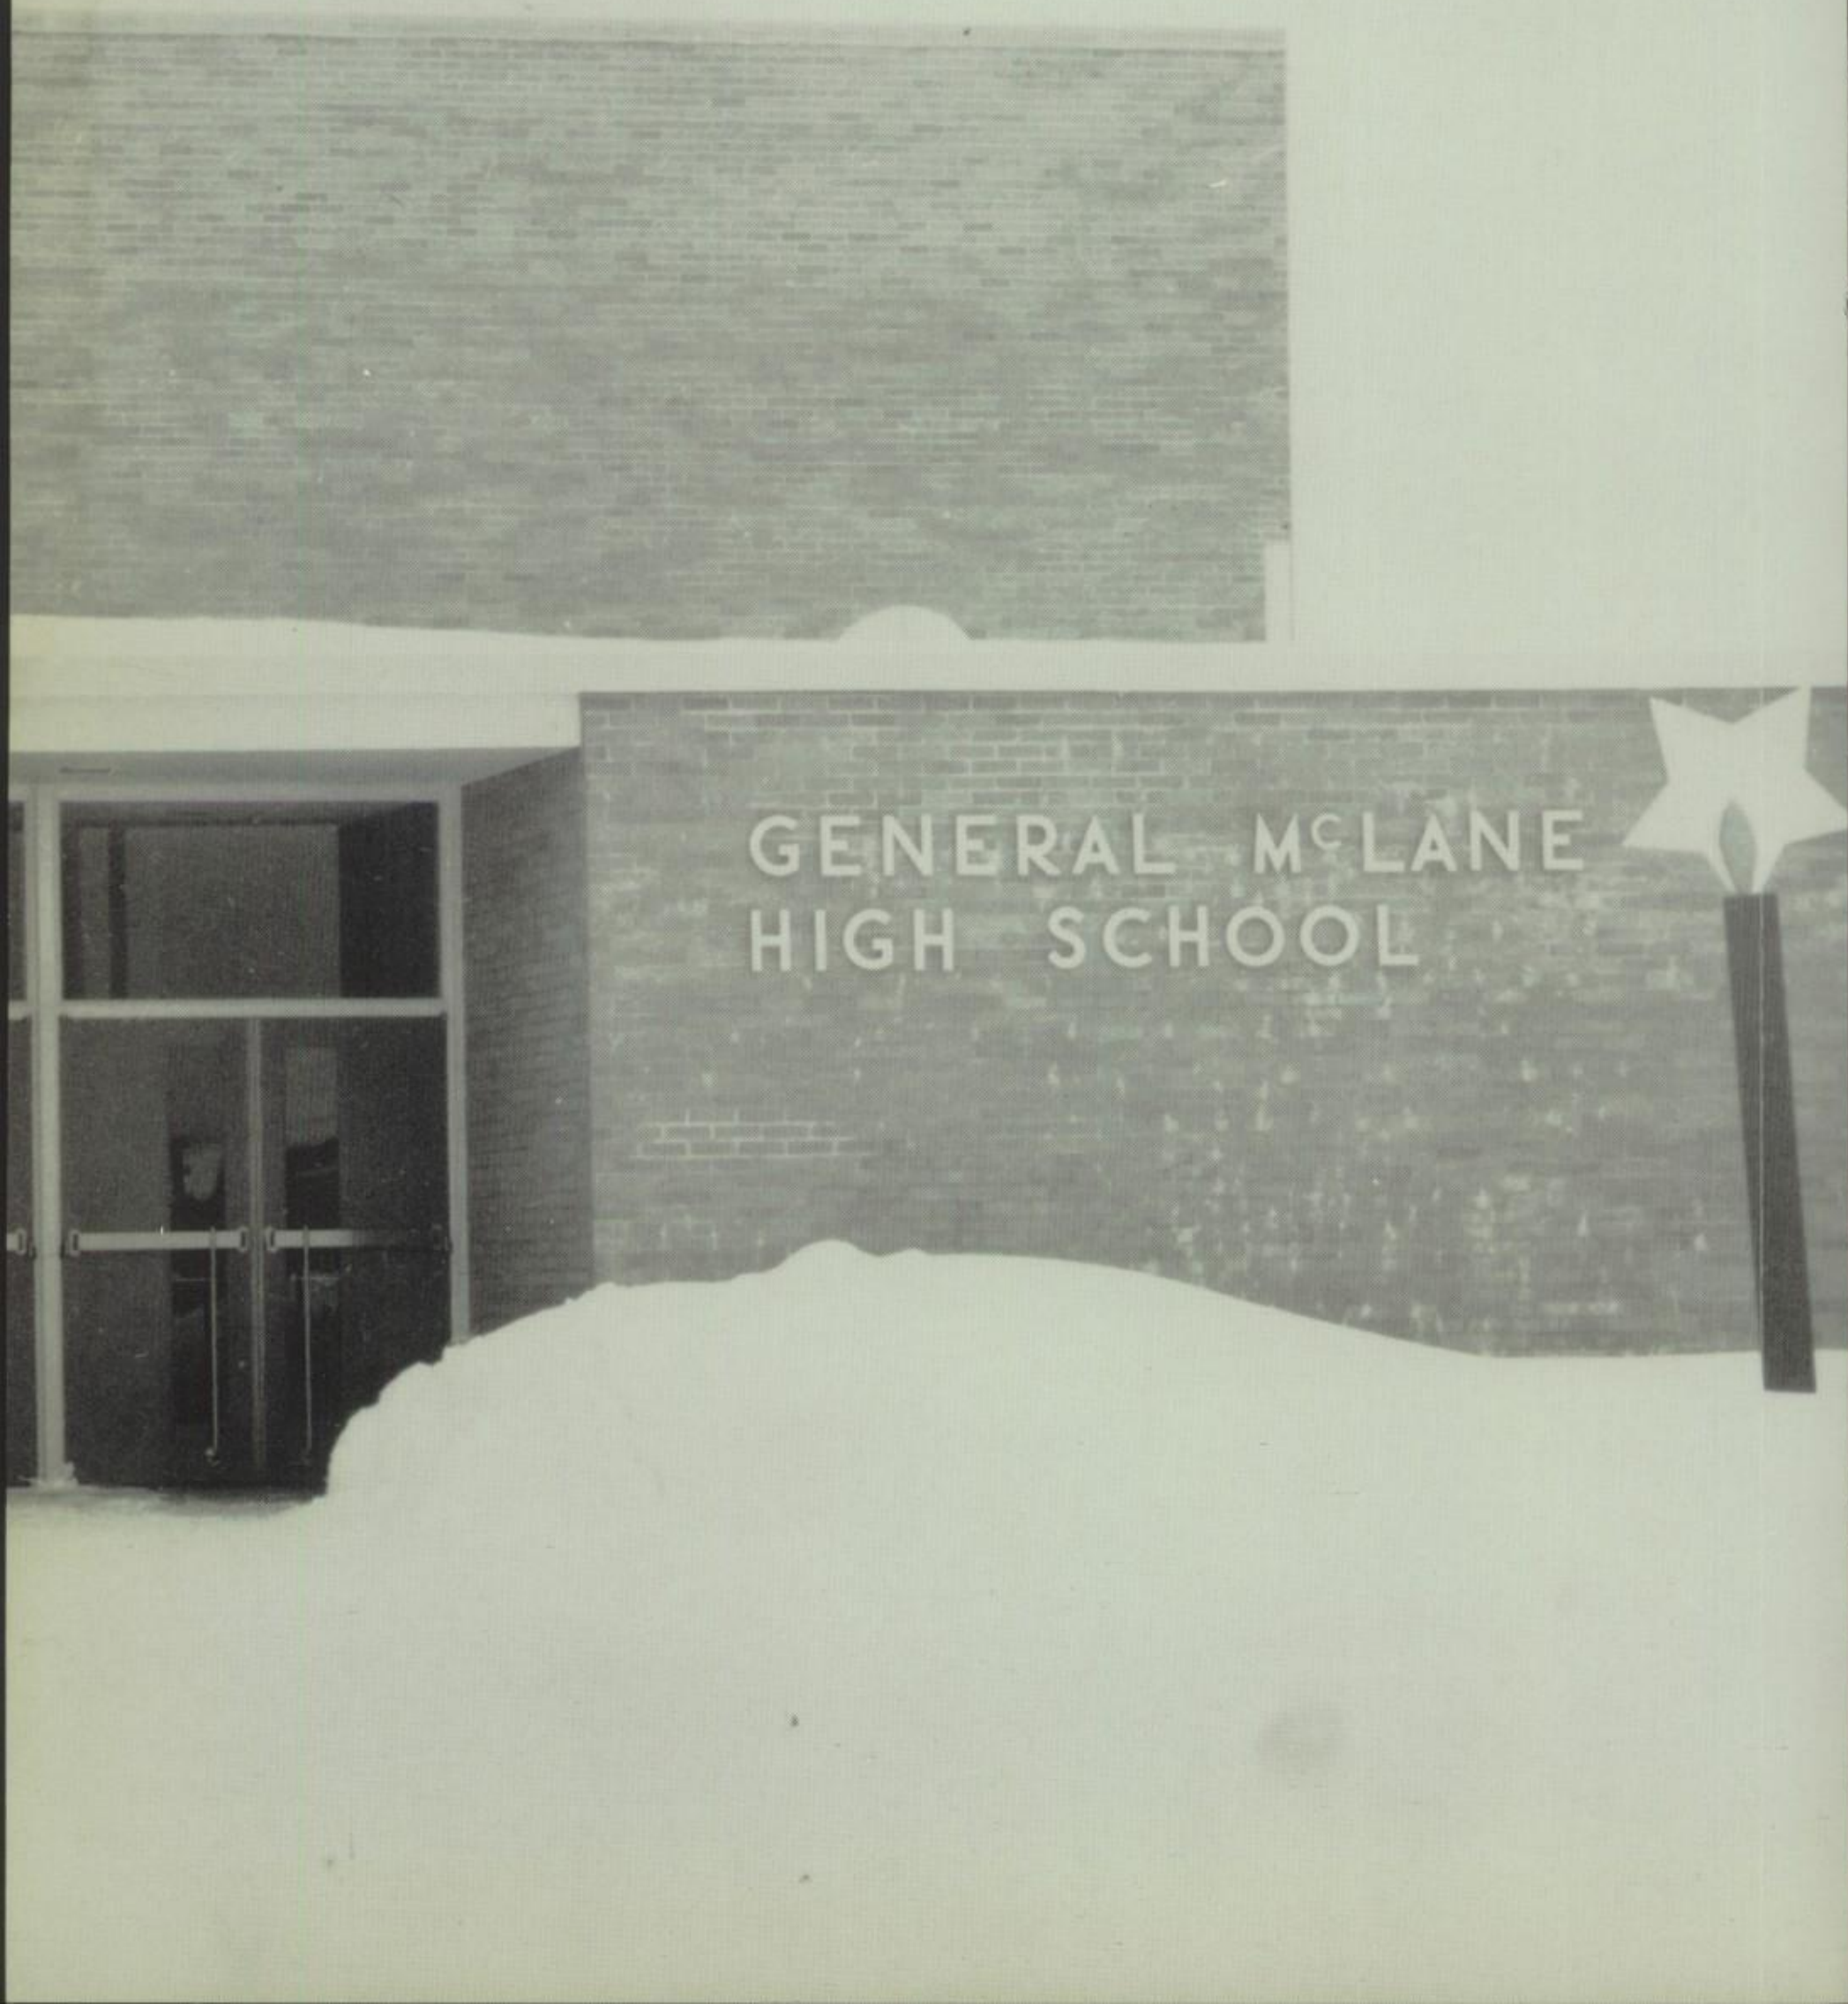

Mr. "L" marches on.

"Elton, Dick, and Jerry, report to the office, PLEASE!"

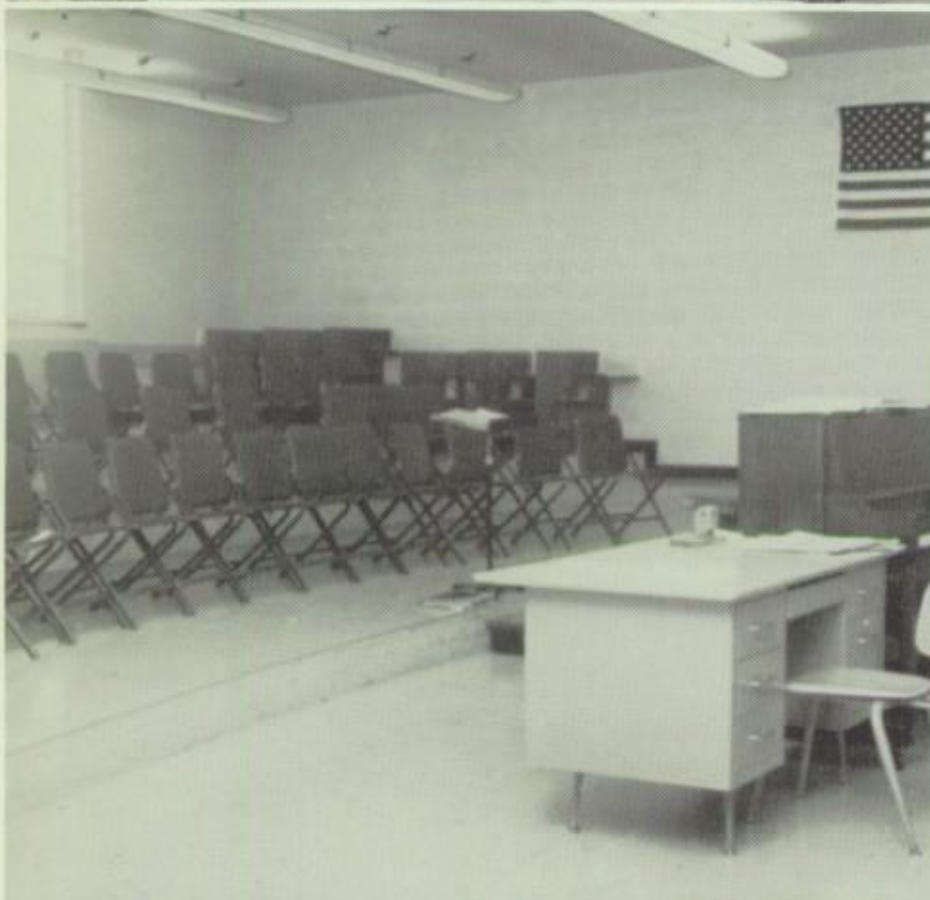

# THE GATEWAY TO KNOWLEDGE

JAMES W. PARKER  
*Supervising Principal*

The year 1960 for students, faculty, and administration has been one of tremendous change — change that will affect our lives for many years to come.

General McLane High School has in its brief existence become known as a fine school. This can only be attributed to the work and co-operation of the students, faculty, administration and board of education. It is our sincere hope and desire that General McLane High School will always stand for the finest in all areas of educational endeavor.

Upon the members of this year's graduating class has rested the responsibility of setting the pace for high ideals, good sportsmanship, and excellent scholastic achievement. I wish to thank and congratulate each of you for your part in a most successful and enjoyable year.

James W. Parker

Dear Students:

The year 1960 was truly a new year for all of us — a new building, new teachers, new friends, and new responsibilities for all of us.

You are all to be congratulated for the job well done for your first year as a student at General McLane High School.

However, let's not be content to sit back and rest on our laurels — there are many things to be done to make our school a better school. With effort and some hard work on everyone's part this will come true.

Sincerely

Edwin J. Linden  
Principal

Being the first official Student Council of General McLane High School, there was a great amount of work to be done by the Council this year. The hard work of last year's Council was well rewarded by the arrival of General McLane's first exchange student.

A major project undertaken by the Council, which this year consisted of representatives from each home-room and Mrs. Miller and Mr. Gross as advisors, was the program for receiving another exchange student next year.

Other major projects of the Council were the writing

of a Student Handbook and a new Student Council Constitution. The Council also strove, throughout the year, with much success, to improve the school spirit.

The Student Council considered this year's activities to be very profitable and valuable to the entire student body.

For you, the students of General McLane, the Student Council exists, functions, and prospers. The future of General McLane is in the hands of you, the students, with the Council as your voice.

# OEMAR

Among many other firsts this year, we were privileged to host our first exchange student, Oemar Hassan Mustafa, from Indonesia.

While in America, Oemar has lived with Dr. and Mrs. John Schell of Edinboro. In addition to being Vice-President of both the Senior Class and the Student Council, Oemar was on the Varsity Basketball team.

Although we will miss Oemar's radiant smile and warm personality, we wish him the Best of Luck in the Future and much success as he studies to become a doctor in Indonesia.
